

## JURY LIST that EXCLUDES NAMES

Kern County would like to know if any counties provide jury lists with only the juror badge number.

If you do is it a court wide policy or accomplished on a case by case based on the requirements of the judicial officer?

1	Deb Preston	Marin we do not. The jurors' names are on the lists.
2	Debbie Cravea	Napa is the Same as Marin.
3	Debbie Jurevich	As far as I have been working in the jury department in San Benito County, we have not provided this type of list.
4	Diana Gifford-Tuggle	Shasta County we provide the Case Alpha list (via JSI program), which includes name and badge number. We provide copies for the attorneys, clerk and judge. The Random list is provided only to the clerk, judge and court reporter.
5	Morgann Halencak	Mariposa we do not. Jurors' names are on the lists.
6	Esperanza Esparza	Del Norte is the same as Shasta County.
7	Rose Hamblin	Kings County is also the same as Shasta County.
8	Sherry Spears	Fresno is able to do but the courts want the lists to include the names, even if they refer to jurors by number. We have one court that always refers to their jurors by number. It's up to each individual court.
9	Alison Blackwell	San Diego has not been asked for a list without names. However, if such a request was made my first inclination would be to produce the alpha/random lists normally and invite the court clerk to do whatever (they feel) is needed with the list (i.e. use correction tape on the names then make photocopies). For office purposes our alpha list would still show the names. Normally we don't keep a random list.
10	Lupe Castaneda	Santa Clara County does not.
11	Dolores Curiel	Merced is the same as Mariposa.
