How long do you keep juror **questionnaires** on civil and criminal matters if the outcome of the trial is a mistrial?

1	Diane Collins	Mendocino County would keep them for three years
2	Rebecca Hayes	Monterey is the same as Mendocino
3	Edwina Harper	In Yolo County, the questionnaires are not given back to the jury services department
4	Lupe Castaneda	In Santa Clara County the Jury Office does not have anything to do with the questionnaires.
5	Sherry Spears	Fresno - Any questionnaires submitted to the jury office from the courts are kept by our office for three years. I think that some end up in the Exhibits area though.
6	Debbie Cravea	The Napa jury dept does not maintain these if the Judge decides they need to be kept. They are kept with Criminal/Civil file
7	Shana Simpson	Sacramento is the same practice as Santa Clara
