ROV / DMV

Submitted by Rebecca Hayes, Monterey

We received our voter list for our annual juror load and have been advised that the Registrar will not include driver's license numbers per Elections Code 2194(b)(1). This is the first year we've not received the CDL in the file and JSI advises that all counties they work with receive the CDL.

Can anyone point me to the code section which allows the Registrar of Voters to release to the Jury Commissioner of a county?
