SUMMONS JURORS

Submitted by Ayanna Cage May/2010

- 1. How often does your court summon jurors (i.e., once every 12 months, every 18 months, every 2 years, etc)?
- 2. Does your jury system only summon those jurors who have not been sworn in, in the time frame listed in question 1?
- 3. Is the jury pool limited only to 1) jurors who have not been sworn as a juror before, 2) those who have been assigned to a trial 3) those who have not served (for example, jurors who have served one day and been released, recycled jurors, those who have never been summoned) or 4) a combination of these options?
